Profile

I love the challenges of problem solving with software. I am relentlessly pursuing excellence in my craft, always pushing myself to increase my skill-level and knowledge base. My goal every morning as I'm walking in the door at work is to get twice as much done in half the time. I like to get things done.

Experience

SOFTWARE DEVELOPER, POMIET; MIAMISBURG, OH – 2015-PRESENT

Followed Agile methodologies to build web applications in the healthcare space. Projects ranged from: an application to manage charge data in a hospital setting that integrates with EPIC, a patient-focused care management application, a set of modules that integrate with existing EHR systems. Contributed to various project teams by spearheading efforts to choose and implement different aspects of the tech stack, including: javascript code coverage and analysis tools, perf testing tools, and a mock API server to reduce dependency on the client and increase development speed.

SOFTWARE ENGINEER, TERADATA; MIAMISBURG, OH – 2012-2015

Created and supported applications for the Customer Services department. Projects included: application enhancements and UI rework of the Customer Contact Database (CCDB), Created a class library that utilized the OpenXML SDK which is used in the creation of reports (pptx/xlsx/docx), UI design (utilizing Bootstrap) on the newly architected order management software, Re-architected an existing application that was using VB.Net and Word 2003 to use C# with .Net MVC and OpenXML.

WEB PROGRAMMER, PARTS EXPRESS; SPRINGBORO, OH – 2009-2012

Worked on various in-house projects ranging from: redesigning the company intranet/dashboard, Rewrote the web application that handles Amazon orders (AmazonMWS), Created a web application to assist in creating mailing flyers, Converted various reports from MS Visual FoxPro to ColdFusion, Assisted in the transition of accounting systems.

LEAD DESIGNER, GUEST SERVICES; CEDAR RAPIDS, IA (REMOTE) – 2008-2009
STAFF ACCOUNTANT, NEOLIMITS FITNESS; CENTERVILLE, OH – 2007-2008
GRAPHIC DESIGNER, ZE DESIGN; CENTERVILLE, OH – 2006-2007

Consulting

SOFTWARE DEVELOPER, COMMON SENSE SOLUTIONS FOR OHIO – 2017

Creating a web application using Elixir/Phoenix to raise awareness around political issues.

SOFTWARE DEVELOPER, JIBECAST – 2012-2016

Used Ruby on Rails to implement features and fix bugs.

WEB DEVELOPER, IMX SOLUTIONS – 2014

Created a C# class library for Amazon MWS integration with their SaaS order management system. Provided ColdFusion consulting.

Education

Wright State University, Dayton, OH – BA Computer Science, 2011

Sinclair Community College, Dayton, OH – AAS Visual Communication, 2006
